

合心同炬·歷久如一

藏行顯光·成就共好

INVITATION

國立成功大學 九十一週年
91st Anniversary of NCKU

竹圍內點點螢亮，雖非若日曜月朗，團結聚囊，仍可映照毫芒。
探究真理實相，艱苦卓絕未曾徬徨。論道經邦，吾輩當仁不讓。
邁向百年康莊，成大歷久如一齊步昂揚，合心同炬而融化風霜。
猶如晝光，劃出燈塔高窗。迴轉能量，引領巨輪啟航。
粼粼汪洋，正是造物者無盡藏。回首眺望，此處永為安平之港。

Within the bamboo compounds tiny lights of the fireflies, though not bright and clear
Like the sun and moon, can still bunch together to light up fineness.

Intent on pursuits of facts and truths, we never balk at the yet unsurpassed hardships;
Eager to argue reasons and manage states, we never shy from our righteous duties.

On the centennial way of broadness, NCKU has been marching in firmness, unison,
And exultancy, united around one torch to brave the wind and frost.

Like shafts of daylight, we pierce out of the high windows of the towering beacon;
Rotating the rays of energy, we lead and push the launching of huge vessels.

The glittering and expansive ocean is where the Creator has laid the boundless trove;
The point I always turn to and look out for is here, Anping the Harbor of Peace.
